WELL-DEFINED ATTEMPT TO HAM-MER PRICE OF STOCKS.

Market Active, Closing Weak, with Concessions of Several Points-Local Markets Higher.

At New York yesterday money on call was easy at 3@4 per cent.; last loan, 31/2; closed at 31/264 per cent.

Prime mercantile paper, 51/2061/2 per cent. Sterling exchapge was weak, with actual business in bankers' bills at \$4.85\4@4.85\2 for demand and \$4.81% @4.82 foresixty days; posted rates, \$4.82\\@4.83\\ and \$4.86@4.87; commercial bills, \$4.81.

Commercial bar silver 1/2c lower, bid at 65@65%c per ounce; government assay bars, 6546664c; silver certificates. 64%60 65%c; Mexican dollars, 50%c. At London bar silver closed at 29%d per ounce.

Total sales of stocks were 305,393 shares. including the following: American Tobacco. 6,000; Atchison, 5,100; American Sugar, 22,-100; Burlington, 21,500; Chicago Gas, 15,600; Columbus, Hocking Valley & Toledo, 4,200; General Electric, 3,600; Louisville & Nashville, 11,800; Manhattan consolidated, 38,300; Missouri Pacific, 4,000; Northern Pacific, 2,300; Northern Pacific preferred, 18,700; Ontario & Western, 5,100; Pacific Mail, 3,000; Reading, 21,800; Rock Island, 7,500; St. Paul, 23,000; Tennessee Coal and Iron, 4,100; Texas Pacific, 4,100; Union Pacific, 3,300; Western

Union, 6,700; Wheeling & Lake Erie, 9,800; Southern railroad, 3,100; Southern railroad preferred, 8,800; United States Cordage, 4,500; silver certificates, \$9,000. The volume of business in stocks yesterday was somewhat below the recent average, and the railroad list still maintained its leadership in point of activity as a group, although the banner record was made by American Spirits. The course of prices evidenced clearly a continued disposition on the part of leading operators, until recently prominent in the upward movement, to force a reaction. Their argument is that the rise has progressed in a fashion and to an extent that has encouraged what is technically termed "pyramid" buying by operators on small margins. In other words, speculators with a little money have used their profits as margins for further purchases and have endeavored to protect themselves by stop orders. Conservative traders always regard this element in the speculation as a menace to the market, and usually employ heroic treatment to bring out the weak holders. The gossip and news | dor, furnished the street was conducive to a moderate reaction, and, in addition, the market was depressed late in the day by unfounded reports of the death, or, at least, serious illness of Cornelius Vander-

bilt. London prices were lower, to the extent of sharp fractions, and arbitrage houses offered stocks on foreign account A number of traffic reports for the first week in November were unfavorable, including that of the St. Paul, showing a decrease in gross earnings of \$190,000. The an- 10-4, 18c mual report of the Manhattan railroad was fully as discouraging as had been expected. and the stock was the weak feature of the market, the publication of the report being anticipated by a decline of 314 per cent. Some disappointment was also expressed stantial theories and rumors in connection with the election of a new board of directors. The stock subsequently rallied 2 per cent., but closed within a fraction of the lowest price. In view of the temper of the street, the declaration of the receiver and rumors in connection with the election of a new board of directors. The stock subsequently rallied 2 per cent., but closed within a fraction of the lowest price. In view of the temper of the street. street, the declaration of the regular quarterly dividend on Burlington, the formal agreement of the representatives of the Ohio soft coal railroads to form a new organization for three years, and revived todefinite rumors of a settlement in the To-bacco fight, falled to affect prices. On the other hand, a sufficient number of outside buying orders appeared, especially in the low-priced stocks, to moderate the downward movement in the general list. In some stocks, notably American Spirits, Chisome stocks, notably American Spirits, Chi-cago Gas and Northern Pacific preferred, strength was displayed at intervals. Sugar was the especial point of attack in the late session, and yielded 1% per cent., despite favorable trade news. There was a fair ac-tivity in the specialties, with Flint & Pere

cent. in the active stocks. Railroad bonds were fairly firm on lessened dealings. The usually inactive issues scored material gains. Peorla & Pekin Cnion seconds, 10; International & Great Northern seconds, 5; Chesapeake & Ohio R. & A. second consols, 4½, and Louisville & Nashville, New Orleans & Mobile firsts and Louisville & New Albany firsts, 4 per cent. The sales were \$2,318,000. Government bonds were dull but firm, on

Marquette making the widest fluctuations.

The closing was weak at about the lowest

prices, with net concessions of 1@11/2 per

sales of \$9,000. The following table, prepared by L. W. Louis, Room II, Board of Trade, shows the range of

ABLES DISAPPOINTING AND SELL ING CAUSED 17-SC DECLINE.

Bull Speculators on Chicago Board o Trade Given a Surprise, All Markets Closing Lower,

CHICAGO, Nov. 11.-Wheat showed a radical reversal of form to-day, the December option declining 1% cents. Liverpool cables were a great disappointment and had great influence in trading. Other markets generally showed weakness, corn closing %c lower, oats %c lower and provisions unchanged to 5c lower.

A disagreeable surprise was given wheat speculators at the opening. Although there was an advance of 214 per cent. per bushel in the local market yesterday all the response Liverpool made to this was an advance of from 1/2d to 1/2d. The consequence was that large quantities of wheat were offered for sale immediately, December opening from 79%c to 80c, against yesterday's closing price of 80%c. Strong features were not lacking, however. California reported three more cargoes taken for Australian account, and local and Northwest receipts were very light, though in the latter case this was partly due to stormy weather. Minneapolis and Duluth receipts were 411 cars, compared with 1.182 on the corresponding day of the year before. Chicago got only forty carloads, against 325 received on the similar day of the year before. Flour and wheat exports from Atlantic ports amounted to 320,000 bushels, and a good cash inquiry was re-ported. After the opening decline a grad-ual recovery to 80%c occurred, but when the second cable came reporting a break in Liverpool of 11/2d, equal to 11/4c, the liquidation became more urgent and the price slumped, selling down to 78%e for an instant. By 12 o'clock the bulls had temporarily recovered from their fright and had hoisted December to 80% by 12:15 p. m., which sudden rise, however, brought enough wheat to knock it back again to 7912c in an equally hurried manner. To-ward the end of the session rumors of heavy selling by a New York syndicate were influential enough to cause another reak to 79c, and that was the price at the

that receipts were the smallest in a very long time, the market could not resist the influence of the sudden weakness in wheat. At the close the day's decline was %c per bushel. May opened about %c lower, at 29% 229%c, and declined to 29c, where it

Corn was very dull, and notwithstanding

Oats were fairly active and lower, especially on the near futures. Sympathy with wheat was the principal cause for the heaviness, yet liberal offerings assisted materially in lowering prices. May started about 1/4c lower at 22% to 23c, declined to 22%c and closed easy at 22%q 22%c old. Provisions, without the support which they have been credited with the necessity of, did not show the extreme weakness which should have resulted had that theory been quite correct. Opening prices were at a decline, due to the weak hog market, but quotations changed little dur-ing the rest of the session. January pork closed 5c lower at \$7.95; January lard about .0234c lower at 4.27464.30; January ribs unchanged at 3.95c. Estimated receipts for Thursday-Wheat 57 cars; corn, 118 cars; oats, 157 cars; hogs,

NEW YORK, Nov. 11.+Wheat was shak-0.13 en up in a lively manner to-day by both bulls and bears. Starting out with a drop of 1 cent a bushel, caused by disappoint-Total departure since Jan. 1..... \*473 -1.03 ing cables, the market tumbled off and then jumped up a couple of cents on reports of good cash buying West and further export orders in San Francisco. In the last hour, however, the market was turned weak again by a report indicating less deficiency in Russian crops than expected, and declined almost to the lowest point of the day. December ranged from 86%c to 88%c, and closed at 87c, against 88%c last night. A great deal of long wheat was thrown ever during the day and sales were heavy, amounting to 11,330,000 bushels.

fornia, 7s 614d. BOSTON, Nev. 11 .- The American Wool and Cotton Reporter will say to-morrow of the woo trade: The sales of the week in Poston, New York and Philadelphia aggregate 6,243,700 pounds 3,941,300 pounds being domestic and 2,302,400 pounds foreign. It is evident that the election has been discounted by the large sales on the previous week and consequently the market has been a disappointment to many persons. Speaking generally, it may be said that sales during the last week have been largely at the same figures as prior to Nov. 3, with transactions at advanced quotations. Wool is held very firmly and dealers experience difficulty in replacing stock sold. Boston and New York report a moderate movement of foreign wool, but Phila delphia sold considerable filling stock, perticularly China. Less business is reported in Australia than a week ago. Aggregate sales in the three principal markets since Jan. 1 amount to 202,165,850 pounds; last year, 207,861,485 pounds. Boston is now about the lowest market in the world. Prices in the West are considerably in excess of those quoted here. An increasing ten dency is noticeable abroad.

LONDON, Nov. 11 .- The offerings at the low wool auction sales to-day aggregated 11,347 bales, mostly Persian. The attendance was good and the withdrawals less.
